WRIGHT'S

OF BRISTOL

New Books

Urology for Nurses

336 pages.

200 illustrations.

Covers the surgical aspect of urology. This book will be of interest to all nurses. Recent advances are described in detail and there is enough information to make it useful to the operating theatre staff.

February 3

Price 19s. 6d., post 1s.

Electrocardiograms: A Method of Reading them

72 pages.

91 illustrations.

Provides a logical sequence to observations which should lead with certainty towards correct diagnosis. The author describes and illustrates the method which he himself adopted.

February 9

Price 17s. 6d., post 9d.

The Technique of Relaxation (Self-relaxation)

68 pages.

Accompanied by a double-sided record.

by H. Kleinsorge and G. Klumbies
translated by M. L. Walker

Gives doctors and students an introduction to the technique of relaxation and provides a practical demonstration.

April

Price 35s. 0d., post 10d.

A Radiographic Index

96 pages.

Second Edition.

This handy volume has proved itself an invaluable aid to the radiographer and to many trainee radiologists and the Second Edition has been completely revised and brought up to date

March

Price 13s. 6d., post 6d.
